Planning Commission Folder:

MAIL:

- Presentation on *Salvage Yards: Municipal Action, Regulation & Enforcement* via interactive TV on June 23, 11
- Wastewater system and potable water supply permits/Subdivision: Tom & Debra Martin, Scott Road
- State of Vermont, Vermont State Park discharge permit

OLD BUSINESS:

Zoning Update: Greta from NRP was welcomed to the meeting.

Doug would like Agricultural structures to be addressed in the new table that Greta has proposed. Greta advised that they are not currently in the table as they do not require a zoning permit from the Town per State statute; they are only required to notify the Town. She noted that she could add that into the table, the PC agreed that they would like her to do so.

Greta reviewed Article 3: Zoning Districts & District Regulation definitions and changes as well the allowable uses table with the PC. It was suggested that once the subdivision regulations and zoning bylaw updates are done and combined that they be called "Development Regulations".

Peter commented that at some point he would like the PC to review the conservation district areas.

Greta will send tonight's changes to all PC members for next month's meeting.

The PC will review section 340 table as well as Article's 4 & 5 for next month's meeting.

NEW BUSINESS: None
